General Information

TIME—The sale will be held on Wednesday, September 24, 1947 beginning at one o'clock P. M.

LOCATION—The sale will be held in the pavilion of the Bowling Green Auction Company, on U. S. Highway 61, just north of the junction of 54 and 61, Bowling Green, Missouri. Bowling Green is on the Chicago and Alton Railway, between Chicago and Kansas City. Burlington trains will be met at nearby Louisiana if request is made to the sellers or the sale manager, in advance.

HEADQUARTERS—Sale headquarters will be at the Huckstop Hotel, Bowling Green.

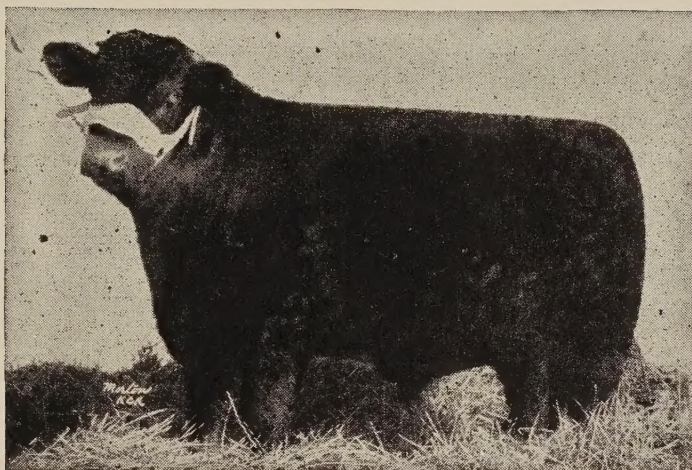

TERMS—The terms of the sale are cash unless other arrangements are made in advance with the owners of the cattle purchased. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyers risk as soon as bid off but the management will assist with loading on cars or trucks in compliance with requests from purchasers.

GUARANTEE—All cattle have passed tests for tuberculosis and Bang's disease within thirty days of the sale and certificates of health will be provided. These are clean, healthy herds. The large number of calves that will go with their dams, thirty-one or more by sale day, is evidence of their breeding ability. Twenty other cows and heifers, in the sale, have long service dates, most of them showing now that they are with calf. As this sale constitutes complete dispersals of these two herds, no further guarantee is needed.

CERTIFICATES OF REGISTRY—A certificate of registry will be furnished with each lot sold and for many of the calves sold beside their dams. Signed applications for registry will be provided for all other calves sold beside their dams and for all unborn calves sold in dam.

MAIL BIDS—Those wishing to buy at this sale, who cannot be present, may send their bids to the sale manager, Will Johnson of The Shorthorn World, to the auctioneer, J. E. Halsey, P. O. Box 1317, Des Moines, Iowa or to Dr. E. T. Urban, 1537 South Grand Boulevard, St. Louis, Missouri or to A. L. Stephens, Silex, Missouri.
